NON-PRESCRIPTION EYE PROTECTION

JEREZ SPECTACLES

MAINTENANCE / STORAGE / CARE

For an adequate maintenance of your glasses keep them in a clean and dry place, inside an appropriate case

INSTRUCTIONS / USE / USAGE METHOD

How to clean polycarbonate: Use tepid water and neutral soap, without abrasives or disolvents. Clean with water and dry with a soft cloth. We also recommend MEDOP ANTI-FOG CLEANING SPRAY.

Protectors must be checked periodically and replaced if they are damaged.

Make sure these protectors correspond with the risk to prevent at work
